THRU : MARKET ASSESSMENT GROUP

CC : LEONIDO J. PULIDO III, President
ELVIN HAYES E. NIDEA, Chief Governance Officer

FROM : THE TECHNICAL COMMITTEE (TC)

SUBJECT : TC Response to Rules Change Proposal (ORCP-WM-22-05)

This is in reference to the Rules Change Committee's call for comments and inputs to the Philippine Electricity Market Corporation's (PEMC) proposed amendments to the WESM Manual on Registration, Suspension and De-Registration Criteria and Procedures and WESM Penalty Manual regarding Penalty Framework on Test and Commissioning (ORCP-WM-22-05)

The TC reviewed the proposed amendments and would like to ask the following for clarification:

1. How could penalties encourage Testing and Commissioning implementation; and
2. How are the collected penalties going to be utilized?

For the RCC's consideration and clarification.

Thank you very much.
