## 1.0 PURPOSE OF THE DOCUMENT

The Training Section under the Corporate Planning and Communications – Stakeholder Engagement and Development (CPC-SED) Division manages all learning and development-related undertakings for the Wholesale Electricity Spot Market (WESM) stakeholders. These include calendar- and content-planning and management of stakeholder training-related undertakings, as well as coordination with the concerned Philippine Electricity Market Corporation (PEMC) departments for coaching sessions and/or knowledge transfer with the subject matter experts.

The Training Section is tasked to ensure that all these training-related projects are properly managed, completed in a timely manner, and implemented within the approved budget for the calendar year.

In accordance with the approved PEMC Training Plan in April 2022, this document has been prepared to serve as the official and quick reference material for these training-related undertakings.

## 2.0 INTRODUCTION

This calendar covers the management of trainings that have been included in the WESM Compliance Officer (WCO) Certification Program and the year's budget allocation as well as some key internal training activities. The document also covers the content outlined for each month for easy and cohesive implementation.
