

Criteria of Metering Services Provider Performance Measures for Service Delivery

The Performance of an MSP shall comply with the following requirements:

A. Daily Meter Data Delivery (25% Weight Average)

Daily Meter Data Delivery or Meter Retrieval Success (Communication) is the ratio of number of metering installation successfully communicated to the total number of registered metering installations. Required average daily result shall be greater than or equal to 95%.

B. Timeliness and Percentage Resolution to the Daily Meter Trouble Report (15% Weight Average)

This measure the percentage of the total number of metering installation for which a daily meter trouble reports (MTR) is issued, that has been resolved or corrected in 10 calendar days. Required average daily result shall be greater than or equal to 90%.

C. Integrity of Metering Data (25% Weight Average)

Integrity of Metering Data is the valid meter data that passed the validation process. This measures the ratio of the number of metering installations for which the data passes the validation process to the total number of metering installation successfully retrieved (communicated). Required average daily result shall be greater than or equal to 95%.

D. Timeliness of Monthly Meter Data Delivery (15% Weight Average)

This involves the delivery/review/compilation/part retrieval of meter data for all the metering installations. The standard shall be rated 100% for the complete delivery of meter data for all metering installations within 3 calendar days after the billing period.

E. Timeliness and Percentage Resolution to the Monthly Meter Trouble Report (10% Weight Average)

The MTR issued (for each metering installation) based on the submitted monthly compact disc containing all meter data for the billing period shall be resolved and corrected within 2 business days. Required result shall be greater than or equal to 90%.

The overall passing percentage is 94%.

Annual MSP Performance Rating 2019

Metering Service Provider	ShortName	A. Daily Meter Data Delivery	B. Timely Resolution to Daily MTR w/in 10-Calendar Days	C. Integrity of Meter Data	D. Timely and Complete Delivery of All Meter Data w/in 3 Days After the Billing Period Cut-off	E. Timely Resolution to Monthly MTR w/in 2 Business Days	Total Service Delivery
