## **I. 2020 ACCOMPLISHMENTS**

The Dispute Resolution Administrator (DRA) submits this Annual Report covering the activities undertaken and accomplished by the DRA for the year 2020.

### **A. Appointment of Emergency Arbitrators for 2020**

In accordance with the WESM Dispute Resolution Manual<sup>1</sup> (DRMM), the DRA has appointed Emergency Arbitrators for each month for the year 2020.

The Emergency Arbitrators come from the pool of WESM-accredited Arbitrators and were assigned as stand-by emergency arbitrators for each month. This was done to present an alternative but temporary remedy to parties who seek urgent relief and could no longer await the constitution of the arbitral tribunal. They were tasked to handle the disputes and / or resolve the urgent relief prayed for during the specific month they were assigned to.

### **B. Updated List of Dispute Management Protocol Focal Persons and Alternates**

Pursuant to Section 8.2 of the WESM Dispute Resolution Manual, the DRA requested Market Participants to submit or update their designated Dispute Management Protocol (DMP) Focal Persons and Alternates who will serve as the first point of contact for the notification of WESM-related disputes.

An updated list as of December 2020 of the DMP Focal Persons and Alternates together with their respective contact information was published in the market information website.

### **C. DRA Support Services Manual**

In line with PEMC's objective to streamline its business processes, the DRA together with the DRA Secretariat (PEMC Legal Department) has created the DRA Support Services Manual. This Manual covers the procedure and manner of provision of secretariat and technical support to the DRA in the performance of its functions and obligations under the WESM Rules and pertinent WESM Manuals.

---

<sup>1</sup> ANNEX C. EMERGENCY ARBITRATORS; Article. 2 Appointment of the Emergency Arbitrator

The Manual includes the support services provided by the Secretariat to the DRA and the support services rendered to the Mediators and the Arbitral Tribunal as well as the parties during Negotiation, Mediation and Arbitration pursuant to the processes of the WESM Dispute Resolution Framework and procedures laid down in the Dispute Resolution Manual.

#### **D. Participation in the WESM Compliance Officers' (WCO) Summit**

The DRA participated in the online WCO Summit 2020 which was held last September 21 to 25, 2020. Atty. Jesusito Morillos, the current DRA, gave a brief lecture on Dispute Resolution Updates on 24 September 2020 which was Day 4 of the WCO Summit.

#### **E. Assistance in the Drafting of the Renewable Energy Market (REM) Dispute Resolution Manual Issue No 1**

Upon request of the Renewable Energy Market (REM) Governance Committee, the DRA rendered assistance in the drafting of the Renewable Energy Market (REM) Dispute Resolution Manual Issue No 1 which was submitted to the Department of Energy (DOE) for approval.

The DRA contributed valuable insights to the type of dispute resolution applicable to the Renewable Energy Market and determined which of the WESM Dispute Resolution processes may be adopted by the REM and incorporated in the REM Dispute Resolution Manual.

#### **F. Publication of the updated list of Frequently Asked Questions (FAQs)**

In line with its duty to ensure the effective implementation and operation of WESM Dispute Resolution, the DRA has completed its updated list of Frequently Asked Questions (FAQs) on the WESM Dispute Management Framework and caused the publication of the same in the new PEMC website. This would allow the Market Participants to keep abreast of the concepts or any update on the WESM Dispute Resolution processes

#### **G. WESM Dispute Resolution Training Materials**

The DRA has submitted to PEMC the relevant training materials for inclusion in the PEMC Training Program and Plan. This is in line with the DRA's goal to contribute to the awareness of the WESM Dispute Resolution Framework.

## **II. ONGOING ACTIVITIES**

### **A. DRA Proposals for Amendments to the WESM Rules and Dispute Resolution Manual**

Since the fourth (4<sup>th</sup>) quarter of 2020, the DRA has continuously worked on the proposed amendments to the WESM Rules and the Dispute Resolution Manual Issue No. 6. These proposed amendments are as follows:

#### **1. Dispute Resolution for the Retail Rules**

The first proposal for amendment of the Dispute Resolution Manual (DRM) Issue No. 6 introduces a variant mode of arbitration that is specific to the types of disputes that are contemplated within the “Rules for the Integration of Retail Competition in the Wholesale Electricity Spot Market,” otherwise known as the “Retail Rules.” They are consistent with the goal to integrate retail competition into the WESM and apply the provisions of the WESM Rules to effectively govern the enforcement and dispute resolution under the Retail Rules.

#### **2. Guidelines for Virtual Hearings**

The second proposal for amendment of the DRM seeks to streamline the procedures for the conduct of WESM Dispute Resolution proceedings and provide guidelines for virtual hearings and conferences during arbitration. The guidelines are being made available with reference to any dealings during a circumstance that prevents physical meetings between the participants and provide procedural measures that can mitigate the effect of delays to the arbitral process, including delays caused by the COVID-19 pandemic.

#### **3. Final Settlement of WESM Disputes and its Binding Effect**

The third proposal seeks to amend provisions of the WESM Rules and the DRM to make them consistent with the provisions of Republic Act No. 9285 and the Special Rules of Court on ADR which recognize the nature of an arbitral award being final and binding among the participants. The objective of the proposal is to harmonize the provisions of the WESM Rules and the DRM with Republic Act No. 9285 and the Special Rules of Court on ADR to be consistent with the principles of an agreement-based arbitration and give primacy to party autonomy.

#### **4. Removal of the PEM Board and the WESM Governance Committees as Impleadable Entities under Clause 7.3.1.1 (c) of the WESM Rules**

Similar to the third proposal, this last proposal also intends to align the relevant provisions of the WESM Rules related to WESM Dispute Resolution with the agreement-based or commercial arbitration framework as it was contemplated to be. The proposal seeks to remove the PEM Board and all the WESM Governance Committees from the list enumerating the parties to a WESM dispute under Clause 7.3.1.1 of the WESM Rules. This is under the principle that the actions of the PEM Board and the WESM Governance Committees are mostly, if not all, in performance of their ERC-delegated regulatory or "police" powers therefore, disputes filed against them would question or undermine the enforcement of the regulatory policies of the market.

#### **B. Mock Arbitration Video**

The mock arbitration video is an activity planned by the DRA in line with its objective to implement an awareness campaign for the WESM Dispute Resolution Process among Market Participants.

#### **C. Virtual Seminars for the Continuous Education and Training for the Accredited Pool of Mediators, Arbitrators and Dispute Management Protocol (DMP) Focal Persons**

The DRA has created proposals for consideration of PEMC Management in terms of the logistical and financial requirements of the possible conduct of virtual seminars as part of its awareness campaign among the Market Participants. There are continuous plans to regularly collaborate with various networks and the country's top alternative dispute resolution practitioners for the conduct of trainings and seminars for the DMP Focal Persons and the continuing education of the WESM-Accredited Mediators and Arbitrators. These activities and plans include:

1. Continuous coordination with PI Arb for alternative methods to showcase the processes of WESM Arbitration.
2. Continuous coordination with various entities to consider the possibility of featuring WESM Arbitration in Arbitration Conventions and participation in other ADR-related programs, lectures or events organized by external strategic partners for the continuing education of WESM-accredited Mediators/Arbitrators.

3. Preparation for the conduct of seminars for the WESM Pool of Accredited WESM Mediators and Arbitrators on the topics of Negotiation and Mediation, Emergency Arbitration, Dispute Avoidance Modes and facilitation of training on the Retail Market and the Reserve Market as well as updates on changes in the WESM Dispute Resolution Process.

### **III. DRA WORK PLAN**

Annex A provides details of the DRA's program of activities for 2021 consistent with PEMC's Corporate Strategic Plan for 2019-2021 which was approved by the PEM Board on 27 March 2019.

### **IV. THE DISPUTE RESOLUTION ADMINISTRATOR**

The Dispute Resolution Administrator is tasked to facilitate the resolution of disputes between or among the parties in accordance with the dispute resolution process approved for the Wholesale Electricity Spot Market (WESM) and the Retail Competition and Open Access (RCOA). Alternative Dispute Resolution is a process which follows the stages of negotiation, mediation and arbitration.

**Atty. Jesusito G. Morillos**, Senior Partner from Follosco Morillos and Herce Law Offices was appointed by the PEM Board on 01 September 2011 as the Dispute Resolution Administrator for the WESM.

### **V. RESPONSIBILITIES**

The main role and responsibilities of the DRA as set out in the WESM Dispute Resolution Manual, consistent with the requirements of the WESM and the Retail Market, are as follows:

- i. Administer and ensure the effective implementation and operation of the dispute resolution provisions of the WESM Dispute Resolution Manual;
- ii. Determine preliminarily if a dispute is one which falls under the dispute resolution process of the WESM and the Retail Market;
