The Learning Management and Capacity Development (LMCD) Division (formerly the Knowledge Management and Development (KMD) Division) of the Enforcement and Compliance Office (ECO) carries on the tasks and activities initiated by the Training Section of the Corporate Planning and Communications (CPC) in 2022.

Intrinsically, the LMCD's main function is to organize, manage, and conduct trainings and other related capacity development endeavors, such as awareness and information drives to promote learning among the Wholesale Electricity Spot Market (WESM) stakeholders on matters concerning market governance, rules, and developments in the market for better understanding and appreciation of the WESM. Relevant market updates that have a significant impact on market governance will also form part of the training campaign.

WESM University is LMCD's brand for easier recall while clearly promoting a learning and capacity development environment for stakeholders, and sometimes other interested parties, of the Philippine power bourse.

Trainings are typically conducted once every month, between January and October each year.

COURSE INFORMATION

Course Title	: Compliance Rating
Level	: Basic
Requirement	: No course prerequisite
Course Credit	: Five (5) credit units for the WCO Certification Program
Duration	: Three (3) hours
Training Type	: WCO Certification Program
Training Fees	: None

COURSE DESCRIPTION

The course intends to provide an overview of the incentives, recognition, and value of compliance as an important component in attaining the objectives of the WESM. This course also intends to promote a culture of compliance and integrity in the WESM.

In addition, updates on the WCO Certification Guidelines will be discussed including process in the issuance of WCO ID number, crediting of units, enrollment to training courses, and provisional requirements to new WESM Members.

TARGET AUDIENCE

All WESM Members

LEARNING OBJECTIVES

1. Discuss the guiding principles of the criteria in determining the generator compliance rating/ ranking
2. Learn about the principles of compliance rating formula for the different generator categories (i.e., scheduled, non-scheduled generators, must-dispatch, and priority dispatch)
3. Study the compliance rating computation by determining the following:
 - Scheduled, Non-Scheduled, and Priority Dispatch Generators
 - Offer Component – Offered Capacity Compliance (OCC) and Look Ahead Submission (LAS) Rating
 - Activity Component
 - Dispatch Component
 - Must Dispatch Generating Units (MDGU) / Variable Renewable Energy Sources (VRE)
 - Mean Absolute Percentage Error (MAPE)
 - Percentile 95 (PERC95)
4. Apprise the WESM Members with the updated WCO Certification Guidelines
