<b>III. Adoption of the Agenda</b>	The proposed agenda was approved.
<b>IV. Review of the Minutes of the Previous Meeting (163<sup>rd</sup> Special Meeting, 01 April 2020; and 165<sup>th</sup> Regular Meeting, 15 May 2020)</b>	The Secretariat informed the RCC that comments received by email from Mr. Carlito Claudio (MEI/Panasia) were already incorporated in the draft minutes.  The submitted minutes of meeting were approved as amended.
<b>V. Matters Arising from Previous Meeting</b>	
Agenda	Agreements/Action Plans
5.1 Proposed Amendments to the Guidelines Governing the Constitution of PEM Board Committee, Issue 3.0 <ul style="list-style-type: none"> <li>• PEM Board directive to study the number of independent TC members</li> </ul>	<ul style="list-style-type: none"> <li>• Adopted PEM Board's proposal, and amended the proposed TC membership composition to: <ul style="list-style-type: none"> <li>○ Three (3) independent members; and</li> <li>○ One (1) representative for each sector (SO, MO, Gen, and DU).</li> </ul> </li> <li>• Directed the Secretariat to email, for RCC's review/approval, the draft submission/s on this matter to the PEM Board.</li> </ul>

1

2 Ms. Karen Varquez (Secretariat) presented the PEM Board instruction relative to RCC  
3 Resolution No. 2020-07 (Proposed Amendments to the Guidelines Governing the Constitution  
4 of PEM Board Committee, Issue. 3.0).

5

6 As a background, the said resolution was discussed by the PEM Board last 27 May  
7 2020 and was presented to the Board by Dr. Allan Nerves. The RCC's submitted proposal  
8 was for the Technical Committee (TC) to be composed of nine (9) members, five (5) of whom  
9 will be independent members and four (4) will come from the SO, MO, Gen, and DU – each  
10 sector having one (1) representative. However, the PEM Board resolved to reduce the number  
11 of the independent members to three (3) and retained the representation of the four (4)  
12 sectors.

13

14 The Committee deliberated on the directive of the PEM Board, as follows:

- 15 • Dr. Allan Nerves (Independent) clarified that the Board also made reference to the  
 16 original composition of the TC having at least five (5) members, with two (2)  
 17 independent members and three members coming from the SO, DMC and GMC,  
 18 each having one (1) representative.  
 19
- 20 • Ms. Concepcion Tanglao (Independent) asked if there are other matters aside  
 21 from technical matters which the TC deliberates upon since the number of the  
 22 independent members will not affect the discussion on technical matters.  
 23
- 24 • Mr. Francisco Leodegario Castro, Jr. (Independent) shared to the body that he  
 25 mentioned during his presentation on the proposal to the Board Review Committee  
 26 (BRC) that the direction of the RCC was to have more number of independent  
 27 members than the non-independent and that the industry sectors will nominate  
 28 their representatives. He noted that this was provided in the RCC's position paper  
 29 that was also submitted to the PEM Board.  
 30
- 31 • Mr. Virgilio Fortich (Distribution) opined that the proposed composition of the  
 32 Board was logical, having enough number of independent members and well-  
 33 represented number of each sector. Ms. Cherry Javier (Generation) and Mr. Ryan  
 34 Morales (Distribution) also agreed in having three (3) independent members in the  
 35 TC.  
 36
- 37 • Mr. Morales (Distribution) also opined that three (3) independent members was  
 38 enough, because in terms of votation, the issue is not between independent  
 39 members versus sectoral members, but on the cross-functional matters between  
 40 generation and transmission, and between generation and distribution. He further  
 41 commented that having four (4) independent members were enough to facilitate  
 42 fairness and equity during RCC discussions.  
 43

44 In view of the foregoing, the Committee resolved to adopt the PEM Board's directive  
 45 to reduce the number of independent members of the TC from five (5) members to three (3),  
 46 thereby revising RCC Resolution No. 2020-07, to reflect the revised RCC proposal on the  
 47 composition of the TC, as follows: (a) three (3) independent members; and (b) one (1)  
 48 representative for each sector (SO, MO, Gen and DU).  
 49

50 The Secretariat was directed to email, for RCC's review and approval, the required  
 51 draft document for submission to the PEM Board. Ms. Varquez informed the Committee that  
 52 the revised proposal will likely be taken up in the PEM Board's July Meeting.  
 53  
 54

Agenda	Agreements/Action Plans
5.2 Update on the RCC-TC Joint Resolution on the Interpretation on PGC GRM 9.2.3.2	• Noted that the Joint Resolution was sent to PEM Board on 16 June 2020.

55 Ms. Dianne L. De Guzman (Secretariat) informed the RCC that the Joint Resolution  
 56 was sent to the PEM Board on 16 June 2020.  
 57  
 58

59 The Committee noted the same and Secretariat was reminded to prepare presentation  
60 materials, in case the Board requires one.

<b>VI. New Business</b>	
<b>Agenda</b>	<b>Agreements/Action Plans</b>
Work Plan Review (January to June 2020) <ul style="list-style-type: none"> <li>Update on Status of Rules Change Proposals</li> </ul>	<ul style="list-style-type: none"> <li>Noted updates and that the Work Plan will be included as an attachment to RCC's Semestral Report.</li> </ul>

63  
64 Ms. Cruz presented, for information, the update on RCC Work Plan covering the period  
65 January to June 2020. In summary, the Committee has completed its activities and submitted  
66 all its required outputs for the semester within its imposed timeline. There are ten (10) various  
67 RCC proposed amendments to the WESM Rules and Retail Rules that were likewise  
68 submitted to the DOE within the period.

69  
70 Ms. Cruz said that there was no additional submitted proposal as of reporting time and  
71 requested the sectoral members of the RCC to inform the Secretariat of any proposal for  
72 submission. She further informed the Committee that the Update on the Status of Rules  
73 Change Proposals<sup>1</sup> will be included as an attachment to RCC's Semestral Report due on 31  
74 July 2020.

77  
78 Ms. De Guzman (Secretariat) informed the Committee that the DOE has no  
79 representation because they are currently having public consultations on five (5) various  
80 department circulars. Ms. Varquez (Secretariat) presented the updates<sup>2</sup> instead for the
